The new gallery, located at 634 5th Avenue South in Naples, Florida, represents established international artists, and serves private collectors, museum collections and design professionals. The debut of the gallery showcases special commissioned art works by prominent artists known and sought after in the international art markets.

“The Aldo Castillo Gallery exposes internationally known artists’ works to the Naples community and is an exciting asset to the shopping mix on 5th Avenue,” says David Hoffmann, chairman of Hoffmann Commercial Real Estate and the founder of Osprey Capital, a private equity company. “I’m excited to have the gallery located in one of the Hoffmann properties; it’s a great fit and I know it will attract people from all over the world.”

In this new move, Aldo Castillo has gained the support of Mr. David Hoffmann who relocated from Illinois to Naples, Florida, in 2015. He has since

become one of the largest commercial real estate property owners in Naples. Some of the Hoffmann Family of Companies include Hertz Arena and the Florida Everblades, the Naples Princess and Miss Naples boats and Naples Transportation and Tours. Castillo is

related to have Mr. Hoffmann’s support during this new gallery opening.
